new solution

Superior build, robust and reliable.

Unique and user-friendly Interface with bespoke software

Safety sensors on access doors ensure NS Multi adheres to strict health and safety guidelines, protecting your stand and company

Generous access doors mean changing inks and maintenance is easy

NS bespoke software allows user access to:

- Ink level control
- Automatic consumables alert
- Ink consumption measurements on each job

Included high-powered PC allows users to install variable data software and alternative RIP solutions as their business needs develop and grow
